

To whom it may concern

Ref Dunston Business Village

We moved into Dunston Business Village in October 2008.

Both my self and my colleagues have found the premises to be a very pleasant and safe working environment, I must also add that any visitors to the site have also been impressed with the facilities on offer.

Whilst not the cheapest office space available, we found the overall package offered by the team at Dunston Business Village to represent excellent value for money for a 'premium' office space solution.

I would gladly recommend the package offered by Dunston Business Village to any prospective tenants.

Best regards

Damian Greenwood
